Article III. c routes; special or seasonal weight limits

- (a) Definition. For purposes of this section, “heavy traffic” shall be defined as:
 - (i) All vehicles not operating completely on pneumatic tires; and
 - (ii) All vehicles or combination of vehicles, other than motor buses, designed or used for transporting property of any nature and having a gross weight of more than 15,000 pounds.

- (b) Prohibited routes. Heavy traffic is prohibited from using any Town street or highway not designated as a heavy traffic route. This section shall not act to prohibit heavy traffic from using a Town street or highway for the purpose of obtaining orders for supplies or moving or delivering supplies or commodities to or from any place of business or residence which has an entrance on such street or highway. Furthermore, this section will not act to prohibit heavy traffic from using any Town streets over which are routed state trunk highways. When being driven to the site of any construction, repair or maintenance of electric, gas or water service, vehicles owned and operated by a public utility will be exempt from the provisions of this section.

- (c) Administration. The Town Chairman in cooperation with the Town Constable shall administer this section. Administration shall include:
 - (i) Posting of signs. Appropriate signs shall be posted giving notice of this section and of the heavy traffic routes established herein. Yellow signposts may also be used to designate heavy traffic routes.

 - (ii) Temporary permits for construction equipment.
 - 1) The Town Chairman may grant temporary permits to allow heavy construction equipment to use Town streets or highways not designated as heavy traffic routes. These permits may be granted only when use of a nondesignated route is necessary for the equipment to reach a construction site. No permit may be issued unless the person or corporation owning the equipment agrees to reimburse and hold the Town harmless for any damage done to the Town street by the equipment and/or any personal injury or property damage caused in part or in whole by the street damage.
 - 2) Town-owned or -operated equipment is specifically excluded from the provisions of this section.

- (d) Liability. Any operator, corporation, owner or agent whose heavy traffic vehicle damages any Town streets or highways in violating this section shall be liable and required to pay the Town the cost of repair or replacement of the damaged street or highway.
- (e) Special and season weight limitations. The Town Chairman shall have the authority to impose special or seasonal weight limits on any highway, bridge or culvert maintained by the Town to prevent injury to the roadway or for the safety of the users of such bridge or culvert and shall be responsible for erecting uniform traffic control devises giving notice thereof.
- (f) Heavy traffic routes designated. All streets and alleys within the Town are designated Class "B" highways subject to the weight limitations of Wisconsin Statute 348.16, except that the following highway or parts thereof within the jurisdiction of the Town is hereby designated a heavy traffic route and is excepted from the Class "B" weight limitations:
 - (i) State Highway 35.

I, Sherril Anderson, Clerk of Oakland Township, hereby certify that the above is a true and correct copy of an ordinance which was adopted on the 21st day of April, 2022, by the Board of Supervisors of Oakland Township, Burnett County, Wisconsin.

Dated this 21st day of April, 2022.
